

Hoima

Just one visit to Hoima over many years but just before the lockdown. Hoima is north west out of Kampala and the church further on. The meeting was arranged by Jamada on the right in the lower left photo. Tents provided as lots of people and a blessed 2 days with the pastor and church here. Jamada has move to near Jinja so no easy connection now. They has planned a mass wedding but Covid 19 got in the way.

Hope to return sometime
